## ***WE ARE THE 99% AND WE LOVE OAKLAND***

Last Monday and Tuesday, Oakland made headlines when 30 police departments were brought in to break up the protest. Several SEIU 1021 members and their family members were injured or arrested for peacefully exercising their 1<sup>st</sup> Amendment rights. This is not right. We need to stand up for Oakland!

### **Who's GONNA PAY for Oakland?**

#### **We can't keep paying!**

The Wall Street Banks that crashed our economy (and are now making record profits) should pay to fix it. Instead, the largest and most profitable Wall Street companies paid NOTHING in taxes last year!

**We are losing our houses, and losing the battle for loan modifications.**

**Our children are crowded into classrooms and five more schools are slated to close this year; our libraries are cut to the bone.**

**The price of living—food, gas, clothing—keeps going up but our wages aren't.**
