

Labor Walk for Noreen

This November, the future of Sonoma County is at stake! Will we continue to become a playground for the rich? Or will we ensure we create a prosperous community? We must fight for our community and elect leaders with a strong record of standing up for working families! That's why I ask you to help us elect our endorsed candidate, Noreen Evans, as our next 5th District Supervisor!

~ Omar A. Medina, Sonoma County SEIU Political Chair
