**Bylaws Language – Uniform Dues Rate:**

Seth Schapiro distributed for Executive Board Review a *Uniform Dues Rate Implementation Plan*. The BFC reviewed this proposal and adopted it. Legal Counsel Vin Harrington, stated that he was not certain of the history related to the Uniform Dues Rate. He is also not giving an opinion as to the intent of the Executive Board when this language was adopted. He did comment on the proposal submitted could be viewed as a plan that is minimal. Union Legal Counsel will be consulted with plan for a new Uniform Dues Structure/Rate distributed by staff person Seth Schapiro, to replace the Uniform Dues Structure as noted in our current Bylaws.

Discussion ensued amongst Executive Board Members related to the new proposal adopted by the BFC related to the Uniform Dues Rate structure. Voice was also given to the feeling amongst Executive Board Members that the recent Poll conducted is challengeable.

The plan is made in light of the extreme economic challenges facing our members and the local, and recognizing that 2012 is a year in which the attention of the local needs to be focused on the external fights and not on a potentially divisive dues campaign. Also, in a recent poll, 79% of our membership supports an approach consistent with what is described in the plan below.

Motion by Kathy O’Neil, seconded by Nadeen Roach, to adopt the draft Uniform Dues Rate Implementation Plan recommended by the BFC. The following written proposal was provided to Secretary Pamela Holmes-Morton (with noted changes) from Treasurer Kathy O'Neil.

**Motion Continued:**

Given the economic conditions the plan for implementing a uniform dues structure will be implemented in the following way:

1. There will be no dues percentage rate increase for any members as part of the uniform dues implementation for at least the next two years.
2. By February 2014 and each year thereafter the BFC and E-board will analyze whether further steps can be made towards dues uniformity.
3. When it is determined that further steps can be taken towards dues uniformity a proposal will be presented to the membership for a vote that would set a uniform dues structure not less than 1.65% and or more than 1.74%. Any adopted plan would need to take into account that in any given year that a member can receive no more than a .2% increase towards the uniform dues rate. In addition a uniform dues rate may take into account lower rates for industries where the wages and benefits are low compared to other industries represented by the local.
4. Any plan must set a rate and implementation methodology that maintains the ability for the local to have the necessary resources to represent and support our members.
A substitute motion was made (Fleming/Atwell), to table the motion made by O’Neil/Roach to allow for further discussion. The board voted by show of hands. The vote count was as follows: 15 Yes, 10 No and 3 Abstentions. The motion was carried. Further Executive Board discussion ensued.

Representatives from the organization, Tom Moore and Sally Covington, were introduced to make the presentation. Several hand-outs were distributed, which includes a description of the work the organization can provide. The proposal is to hire Community Campaigns for Quality Care as consultants to support the Local’s health benefits negotiations and stabilizing health care costs.   It was M/S (Tong/Solomon) to approve up to $115,000 from the reserves to Community Campaign for Quality Care to enter into a contract to explore stabilizing health care costs.

  The board agreed to continue further discussion. It was said that there are other organizations, such as “Checkers” that can do the same level of research, at little or no cost to the local. There was a suggestion that we reach out to other organizations and explore what they can offer. There was also a suggestion that the local should look to hiring permanent researchers that can do this work. It was said that the level of research that Community Campaigns for Quality Care would do requires high expertise on getting data, which our current research position may not be able to do. Another idea was to ask representatives from Community Campaigns for Quality Care to add a training component for our staff, if they are hired as consultants. It was also suggested that we should enter into a contract, and then ask the International to help fund the cost, as it could be beneficial to other SEIU locals.
Renita Terry called the question. The board agreed unanimously to call the question and move to a vote. The motion on the floor (Tong/Solomon) was to approve up to $115,000 from the reserves to Community Campaign for Quality Care to enter into a contract to explore stabilizing health care costs. The mailing is to offer members a discount with Bright Now Dental. The local will send the mailing list to our mailing house, not to Bright Now Dental; therefore, they will not have access to our member list. It was M/S (Dooha/Roach) to approve the mailing. The motion was carried. There were zero No votes; and 4 Abstentions.

• Amy Dooha reported that there is group with Occupy Oakland that may protest at Alameda County Children’s Protective Services on May 1, where we represent members. She stated that this group has been permitted to use our Myrtle Street office for their meetings. She also addressed concerns about allowing the usage of our facilities for groups that plan actions against our membership. She would like the board to reconsider the fact that local is allowing this group to use our property. (4) Member Comments:

• Arcelia Montoya presented the Court members for a bargaining update for the San Francisco Superior Court: Jackie Willis-McGhee – Management wants a permanent 5% cut. No agreement. Management intended to impose on June 1st, but pushed back to July 1st. Members took a strike vote (95.38%) and are ready to go if Management imposes. Gary Feliciano – We are state funded. The AOC, the administrative arm was under no one’s over-sight. Their budget grew while the Court’s shrank. They want to cut our benefits, while theirs is much more generous than ours. Last year, laid off 67 staff in SF (mostly Local 21 court reporters) to “stabilize” the budget. MEA agreed to a 5% cut with an economic “trigger.” Members willing to give them the 5% but not permanently. Never had a CAT Team before, so he put one together.

♦ Rallies in March and April. Have purple Wednesdays, with a 90%+ participations. We have “Sargent Purple.” We leaflet the public, people who come in for services. Michael Diles also spoke. Pattie Tamura spoke. Larry Bradshaw spoke and asked for support of the Executive Board members.

♦ Mike Donaldson – retired member to announce fight against school closing. Oakland is closing 5 schools. Asking Board for ongoing support to bring a measure to Alameda Central Labor Council to sanction their actions.

♦ Patrick Ikeda – to thank Chris Daly, and ROC, and other staff during June primary in San Joaquin County. Now have a Supervisor candidate, an African-American women trying to break into the old boys’ network, able to force a run-off. Also trying to implement the 2-Year Plan. Have 14 Committees working on its implementation.

♦ Cynthia Landry – Alameda County Social Services Chapter. Want to talk about the Social Services Agency (SSA) contract. Members previously gave up a raise permanently, in exchange for a verbal promise of “no layoffs.” This year, there were 4-months of “budget talks.” At the end of the “budget talks,” the membership was presented with a contract modification. No Negotiating Team. No opportunity for member input. 990 yes and 480 no. Gave up health care cost sharing of 10% to start in Jan. 2013. Will get a $900 cafeteria plan, flexible spending account. And a 3rd tier retirement – 2% at 65 and 5-year averaging.

♦ Lena Wiggins – Alameda Sheriff Dept., wanted to clarify SSA contract. Was expecting the cost sharing. Was part of the team that met with Management. Management presented a proposal and asked that the Union present Management’s offer for a vote of the members, and Management said that if the members did not approve, will see you at the table. Did make an effort to let everybody know what was happening. As member leader, we need better communication with our members. Also, members need to know who you (the E-Board) are and what you do.

♦ Nancy Ghanim – Chief Steward for Alameda County. Want to clear up confusion. Nothing is done if the members are not informed and didn’t vote (about 5,000 members in BU). Most recently, Management made an offer, which we took to the members. Also, membership wants to be notified by the E-Board of what is going on. “Affordable Care Act” -- Need to be more involved and informed about the changes to IHSS.
(4) Member Comments continued:

♦ Trudy Bryant Williams – President of the General Chapter of Alameda County. Commented that the E-Board does not communicate as well as they should, but also acknowledged that the membership have not done their part, either.

♦ Response/Questions from the Executive-Board

Sin Yee Poon – The report regarding “budget talks” that turned into a contract modification and ratification vote without a Bargaining Team in place, was disconcerting to me. Under our Bylaws, only a Bargaining Team can “present” a contact modification to membership for a vote, and the Bargaining Team has to be elected. This did not happen in the case of the Alameda County SSA contract vote. Amy Dooha – responded that there was no bargaining team, but it was not “full blown bargaining.” This has been done before, and no one complained.

President Roxanne Sanchez announced moving Political report up, as Alysabeth Alexander had to leave for a (training) event.

Political Action Report

(6) Alysabeth Alexander – November program is to build a program separate from the Democratic Party. Will train members in this program to have a bigger political program than we have ever had. Foreclosure legislation will go to a vote this Monday. Mock graduation for un-documented students. Asking for $1,000 to fund this event. m/s/c by Jackie/Dave F. to approve this from Allies funding.

♦ Chris Daly – Seats targeted this June – Solano: Knock out Mike Reagan, with Skip Thompson winning by 12 points. Now will have 3 votes on Board of Supervisors. San Joaquin: our candidate, Rhodesia Ransom, was initially down 28% behind the anti-union front runner, Bob Elliot, in the beginning. Huge engagement in San Joaquin, forcing a run-off in November. In Sonoma, our candidate, Susan Gorin closed an 8-point deficit behind John Sawyer to force a run-off in November. Will take a big effort in both San Joaquin and in Sonoma in November to win. In Mendocino, Andrea made a good effort against the incumbent Board Chair, John McCowen, o was responsible for imposition of the contract in Mendocino.

Two important state ballot measures in November: revenue -- the Millionaire tax (still waiting to hear about final qualifying) as the 99% agenda, and the “special exemption act” (paycheck deception). Allies are running a program to pass the revenue measure. Combining these two measures into one campaign. Special Exemption Act will prevent any corporation or union from having automatic payroll deduction for politics without annual re-authorization. (Of course, corporations do not use payroll deduction for politics.)

(6) Political Action Report continued:
Executive Board Proceeding Minutes

- Amy Dooha – word is not getting out to the members on the State budget campaign on eligibility workers and even us on the Board don’t know on what is being done. We get information last minute, making it difficult to mobilize our members.
- Gina Castillano – need to have more discussion on our political program. Want to see our members in those election seats, need a “purple takeover.” That was why she ran, but had to get schooled by another local (L. 1000) on how to run for office. That should have come from our Union.

Break for lunch at 12:30 p.m.

President Roxanne Sanchez announced that she is moving the BFC forward on the agenda.

Reconvened at 12:53 p.m.

(7) Budget and Finance Committee report – first-quarter review

- Treasurer Kathy O’Neil – Role of BFC policy – needs approval on amendments proposed.
  - m/s/c Gary Jimenez/Nadine Roach to move to accept amendments with the modification of reporting $1000 authorized by President or Treasurer to both BFC and E-Board. Other proposed amendments to motion to limit how many such expenditures allowable was not moved.
  - New iPhone cases only cost $5 each.
  - On question of a motion to request a waiver from the International on the raise of minimum dues, Seth stated that our members are already not paying the minimum dues currently, and that we will not have a problem getting the International to grant a waiver. m/s/c by Amy Dooha/Jackie Sowers: motion to not change our minimum dues process and a request to the International for such waiver.
  - Quarterly report – question came up regarding expenditure for the staff realignment. Seth Schapiro was asked to prepare a ball park accounting of how much was spent for the next meeting.
  - Seth Schapiro – The Executive Board needs to have a discussion about the structural deficit.
  - Dave Turner – We should ask members for a one-time $5 or $10 assessment to help the deficit.
    - Amy Dooha: I am very much against that.
    - Rochelle (through Saul Almanza) in San Joaquin – need to bring up the members who are not paying full dues instead of asking members, who have taken hits and paying more for health care, to pay more.
    - Cynthia Landry (through Andrea Langoria) what about a voluntary payment instead of an assessment?

(5) SEIU International Convention Debrief – Discussion (some repetitive).

**Executive Board Proceeding Minutes**

- My high point (Amy Dooha) was the march on Wells Fargo and the flash mob dance, when thousands of us were on the street.
- Only time we got to say anything substantive on the motions was when Amy and Pam got to speak on the Trayvon Martin resolution.
- 1021 had influence on the resolutions in committee work, many of our folks who normally do not talk spoke in the committees eloquently.
- Convention was very scripted and no substantive discussion on the floor about important changes to the International Constitution, including taking out educating ourselves and our members on labor history and defend union principles (which they did restore after complaints during committee work) and tried to take out “representation” out of the officer oath (which was partially restored), raising minimum dues, reducing audits from once every 6 months to annually, and diverting future strike fund contributions to politics.
- Should partner with other Locals ahead of time the next time to have more effect.

**(8) Bylaws Committee Report**

- Response from Alma Henderson, International Counsel –
  - State Council delegate cannot be the “Political Director,” as it cannot be a staff person who is not elected by the members. Larry Bradshaw will check with International to see whether there is room for compromise.
  - Must change provision for the designation of the International Convention delegates on the Executive Board, to provide for those who are elected by acclaim. m/s/c by Amos Eaton/Nadine Roach to choose Option A, i.e. delegates to be selected by random drawing of names, should the number of delegates slots be less than the number of Executive Board members.
  - m/s/c by Kathy O’Neil/Amos Eaton to adopt proposals on the document entitled “Response from Alma Henderson, Associate General Counsel, SEIU – REQUIRED CHANGES,” with the exception of the item regarding the State Council delegates.
  - Timeline for Bylaws Election – m/s/c by Kathy O’Neil/Jackie Sowers to adopt the timeline as a “guideline” for election.
  - Draft Ballot Language – m/s/c by Amos Eaton/Kathy Basconcillo to accept Draft Ballot Language with the understanding that #4 (fixing typos) may or may not be a separate item on the ballot.
  - Mynette Theard – Schools Industry is not a region and do not have a Vice President. Question is: should the Schools Industry Chair be renamed Vice President?
  - Election Committee – Donna Shane, Lars Christenson, Amos Eaton, Betty Williams, Lena Wiggins, m/s/c by Saul Almanza/Nadine Roach to accept Election Committee as named.
Executive Board Proceeding Minutes

(8) Bylaws Committee Report continued:

- Amy Dooha asked what is the possible financial impact of changing the number of Vice Presidents from the current 3 to 8. She needs the information in response to questions from members. Larry Bradshaw said there will be a “brainstorming” session after this to discuss how to present the Bylaw revisions to the membership.

- President Roxanne Sanchez announced that Jennie Vattuone-Turner has been promoted as the OS4 (Administrative Coordinator) to support the Executive Board.

Break - Reconvened at 3:50 p.m.

(8) Bylaws Committee Report continued:

- 3rd Vice-President Larry Bradshaw –
  - No time today, so would like to move the brainstorming session and Amy’s question to the next meeting
  - Too late to go back to revisit the Schools Industry Chair issue (whether to rename position as Vice President) if we want to keep to the timeline to adopt the Bylaw revisions in time for the next election.

Roxanne Sanchez asked for motion to table (3) Review by Minutes and (9) Policy Committee Report. m/s/c Saul Almanza/Micke Tong to table.

(10) Chief Elected Officer report

CEO Sin Yee Poon, stated that since implementation of the staff realignment and the Lead Director on board, staff meetings for Senior Staff and for the Directors have been suspended (while new Lead Director meets with staff individually). Staff meetings must still be happening, but no notice to the Chief Elected Officer. Hopefully, the President is exercising oversight of staff functions, since the Chief Elected Officer is out of the loop and not given any information on what staff is doing. President Roxanne Sanchez stated that she will speak with staff to make sure that Chief Elected Officer is noticed of all staff meetings.

(11) President and Leaders Report

- Amy Dooha – report on fight against Oakland Schools closing
- Jan Schardt – ROC participated in Colorado, have now been asked by the Local to help in trainings there.
  - UCP (United Cerebral Palsy) campaign – unfortunately lost by 6 votes
  - 4 retirees working on Oakland City Rebuild campaign
  - 2 members assisting in the San Joaquin and one in Solano campaigns
  - Will be assisting in E-Center decertification campaign
  - Currently rotating the ROC list to equalize opportunity for participation of ROC members.
Executive Board Proceeding Minutes

(11) President and Leaders Report continued:

- Dave Fleming
  - Final day of ratification voting today, going to get 1,000 votes out of the 1,700 Register Nurse (RN) members. SF RN Tentative Agreement summary was distributed to the Board.
  - Staffing Ratio issue – California Hospital Association, supported by UHW, trying to waive staffing ratios for lunch and break periods. California SEIU Statement to oppose Governor’s cut and to support staffing ratios “full and adequate staffing at all times” was presented. Executive Board was asked to approval signing the statement. m/s/c by Dave Turner/Mercedes Rигgleman to accept this statement.
  - Motion to State Council to make the Executive Director of the Nurse Alliance of California a full member of the State Council. m/s/c by Amy Dooha/Andrea Langoria to approve motion.

- President Roxanne Sanchez – State Social Workers group. Asked members of the Board who are Social Workers:
  - Want to have a social workers and eligibility workers workgroup, tied in with L.521 to go to a meeting next month. State of California will develop a call center – will it be staffed by state workers or county work. If staffed by State workers, the calls will be county-specify – a growing dispute within SEIU (L.1000 disagreement with the “2 on e” Locals). 8 a.m. call on Monday morning to discuss this dispute. There is a lot of interest to contract all of this work out; we have to present a unified position. Need eligibility workers to participate: Nadine Roach, a member recommended by Amy Dooha, Kathy O’Neil, and members to be recruited by CEO Sin Yee Poon will participate.
  - SF COPE framework agreement with UHW for a joint endorsement process to be approved by SF COPE. Still waiting for response from UHW to many questions.
  - Training in L.A., to be on 7/14 or 7/12, on secured retirement, will review status of pension reform, and how to set up secure retirement committee, and 5 members from 1021 should go. Those interested should give their names to President Roxanne Sanchez.
  - Monday, will send out list of her choices of committee members for approval; please vote in poll by Wednesday.
    - Arbitration Appeals Committee
    - Hearing Panel to hear disputes between members
  - Idea of an Executive Board retreat – next week, will send out suggest dates and times for a retreat, after Joanne Cansicio returns. Will have poll on whether to have retreat, and, if “yes,” dates and times for the retreat.

(12) Director’s Report –

- Pattie Tamura – COFAM, nonprofit side of the SF Museums, also in negotiations. Vigorous contract campaign.
- Brian Lee – over 400 members at E-Center, spread throughout 7 counties, in an employer-initiated decertification campaign. Will give update later.
Director’s Report – continued:

Ulysses Madison – East Bay, Rebuild Oakland campaign is a more visible and open process now. Hayward Chapter elections are happening. Port of Oakland, CAT Team and Bargaining Team is meeting and gearing up, and are prepared to have meeting with the Employer and will probably make national news. Turning it over to Steve Gilbert for more on the campaign:

- Steve Gilbert – Management has plenty of money to give us a fair contract, and they have been misleading their Board. Prepared to strike if necessary. Jean is an excellent example of members stepping up and is running the CAT Team. Port Management voted to send/give money to the City, but does not want to give members a fair contract.

- Naj Alikhan – working on a campaign to improve the “branding” of the organization and a “reachability” campaign to grow our reach to members.

Operations Report -- Seth Schapiro – buildings report. San Joaquin, three buildings being considered. Sacramento is in process of buying new building, while considering the current building owner’s new offer of a good deal. Oakland – need to revisit the plan to consolidate all 3 offices in Oakland, made a non-binding offer on a (I Magnum, a green building on 20th and Broadway) building (50,000 sq. ft) along with an offer to a parking lot nearby by owned the City/Sears, which can probably be had for $1.3 Million. Have to consider, also, the cost of moving. Incredible opportunity but incredibly challenge in costs. Myrtle St. lease is up 2014 – overlap of having to continue paying rent. Will probably have to take 6 months to sell the other two buildings. Need a motion to have a Board Committee of about five members to run the numbers, helpful to have someone from the BFC.

- Andrea Langoria – has cost analysis been done?
- Saul Almanza: what about Oak St. Corporation? Seth Schapiro: have to have Oak St. Corporate agree to sell and also have to deal with any issue that the BART Chapters may have regarding a sale.
- Gina Castillano – will cost-savings give us the possibility of another office up north? Seth Schapiro: We are currently looking at a meeting space for Marin.
- Andrea Langoria – will there be a cost analysis with all the pros and cons? Kathryn Cavness will volunteer to be on the committee.
- Saul Almanza – what about seismic inspection? Seth Schapiro: this building has had a lot of upgrades including seismic. Incredible deal.

Healthcare Consultants, Sally and Tom are moving the SEIU program

- Attended CalPERS Board meeting and has now interested CalPERS regarding cutting unneeded costs in healthcare. Other SEIU Locals are also interested. State Council has an SEIU Committee on health care.
- Also doing awesome work with Sonoma County campaign.
- There will be a Saturday, 7/14, training on healthcare in San Francisco.
Executive Board Proceeding Minutes

(14) Executive Session

- M/S/C Kathy O’Neil/Nadine Roach to extend Paul Kaplan temporary employment for 1 month.
- M/S/C Jackie Sowers/Kathy O’Neil to extend temporary employment of Gail Tiller for a month or two.

The meeting was called to order by President Sanchez at 10:16 a.m. She announced that a quorum was established.

AGENDA REVIEW:
The following items were added: Report from Capital Stewardship Chair, Harry Baker, under Industry Quarterly Discussion. It was M/S (Stern/Atwell) to approve the agenda with changes. The motion was carried unanimously.

INDUSTRY QUARTERLY DISCUSSION:

Port of Oakland report:
Gary Jimenez introduced bargaining team members Jean Parks and Phillip Stewart, who reported on the Port of Oakland bargaining. Our members have asked for a small COLA and parity. Management presented 42 takeaways.

Health Exchange Board report:
Nadeen Roach, Erica Watkins, Fran Jefferson and Cynthia Landry reported on the Exchange Board meeting on July 19th in Oakland. Two options were presented at the meeting around Eligibility Work: #1 - Centralized Multi-Site Service Center Model; #2 - Integrated State/Consortia Service Center Model. The 1st option envisions a State-operated call center that would screen calls and refer clients to Counties. The “21” locals (Locals 1021, 521, 721) oppose option #1 as this would lead to privatization of the eligibility function that our County members do. The 2nd option would build the call center off of a
group of County-based call centers, and then refer clients to a State-based call center. A final decision will be made at the Exchange Board meeting on August 23rd. The “21” locals will advocate for Option #2. It was stated that we need to turn-out and make a presence at this meeting.

Affordable Care Act/Health Care Issues report:
A written summary on Health Care Issues facing Local 1021 was prepared by staff Nick Peraino, and consultant Sally Covington from Community Campaigns for Quality Care (CCQC). Nick Peraino presented an overview on the work and research our local is doing in order to protect the work of SEIU members from privatization. Our local is also taking part in an SEIU-wide workgroup, which focuses on holding health plans and providers accountable for improved quality, safety and costs. A concern was raised that at the Exchange Board meeting, we made a presence to advocate our position around the eligibility piece; however, a question was raised about whom from our local or team is overseeing or advocating our position around other pieces in the public health system. It was said that Nick Peraino, the field directors and consultants from CCQC are collaborating to move our position out into the field, including having speakers at various hearings to advocate our position. An email will be sent to the Board listing those that will be on the team.

SF Superior Courts report:
Larry Bradshaw introduced bargaining team member Roberto Bento. He reported on the strike that our members held that shut down all courthouses in San Francisco on July 16th. Management imposed a contract on the workers and would not return to the bargaining table. The imposition is being lifted and they are going back to the table.

State/Local Budget report:
Nick Peraino gave a brief report on the State Budget. There are cuts, such as to Medi-Cal that will adversely affect Local 1021 members. He stated that if the tax measure does not pass in November, we will face more “trigger” cuts that will affect our members directly, in particular with schools. He also reported the pension reform discussions were put off for now, but likely resume in August.

Political Report:
Alysabeth Alexander and Chris Daly reported on NO on Prop. 32 and Yes on Prop. 30. A series of trainings on Prop. 30 and 32 has begun throughout the local. More training will be held at worksites and at staff meetings during this election cycle. Prop. 30 will prevent deep school cuts, help balance the budget, guarantees local public safety funding, asks the wealthiest to pay their fair share and protects taxpayers. Prop.32 threatens union jobs, wages and retirement by prohibiting unions from standing up to corporate special interests. A brief video and power point were shown. Prop.32 will take away Union members voice in politics. We need to have face to face conversations with our members to educate them that these attacks are coming and organize in the workplace.

The board broke for lunch at 12:21 p.m. (working lunch).

COMMUNITY/ALLIES REQUESTS:
- Chinese Progressive Association
A written request was submitted by Local 1021 member leader, Maria Guillen, to support a contribution to Chinese Progressive Association (CPA) in the amount of $10,000. Alysabeth Alexander spoke about the work CPA has done in the Chinese community, and how they’ve aligned with our local in the past to fight against Prop B in San Francisco. She also stated that CPA has advocated our position in the community and aligns itself with labor. This organization has also expressed their commitment to work with us on Prop. 30 and 32. Discussion followed on supporting or not to support the request. A question was raised about who on the board would work with CPA and will be responsible for overseeing their work. It was stated that Larry Bradshaw, Alysabeth Alexander and Maria Guillen would work with CPA to develop a plan and provide reports to the Executive Board.

It was M/S (Stern/Atwell) to approve the request. Discussion on the motion ensued. It was suggested that someone from CPA should be present to address any questions by the board. There was also discussion on the need to see a plan outlining what CPA plans on using the funds for, as they are requesting for a large amount of money. President Sanchez suggested to table this issue to allow time for the local to meet with CPA, and develop a plan and budget.

It was M/S (Bradshaw/Baker) to table the request until a plan is developed to take back to the Executive Board. There were 2 no votes, and 1 abstention. The motion was carried.

MEMBER COMMENTS
Nancy Ghanim, Chief Steward, Alameda County, SSA Chapter, addressed the board. She reported on work, such as trainings, that their chapter is doing with their stewards and the members.

President Sanchez stated that a member, who was present in the morning, wanted to address the board but was unable to stay in the afternoon. In order not to inconvenience any member, who makes an effort to attend an Executive Board meeting, Member Comments should immediately follow after the Agenda Review at each Executive Board meeting.

INDUSTRY QUARTERLY DISCUSSIONS (continued):
Capital Stewardship Committee Report
Harry Baker spoke briefly about the written report he prepared.

REVIEW of MINUTES of the MAY and JUNE MEETINGS:
It was M/S (Stern/Bibb) to approve the minutes of the May 19th Executive Board meeting with corrections to add Erica Watkins under Executive Board Members Excused (instead of absent), and other minor grammatical corrections. The motion was carried unanimously.

As a follow-up regarding the issue of referring to Executive Board minutes as “Proceedings”, President Sanchez looked into the matter and found that the Secretary has the discretion to do so.
June Executive Board meeting: It was M/S (Jimenez/Turner) to table approval of the June minutes. The motion was carried unanimously.

**CONSENT CALENDAR:**
There were two items on the Consent Calendar: a) Policy on Acceptance of New Chapters; b) Policy on Modification of Existing Chapters. It was M/S (Bradshaw/Schardt) to approve. The motion was carried unanimously.

**BYLAWS REPORT:**
The *Bylaws Election Rules and Procedures* was handed out. Seth Schapiro reported that we are in the process of printing materials for the ByLaws vote. He announced that the local is not hiring an outside vendor for the vote count on September 15th; therefore, volunteers will be needed. The Election Committee has approved the four (4) ballot questions, which was presented at the June Executive Board meeting. The final version of the full proposed ByLaws will be re-sent to the Executive Board.

**BUDGET & FINANCE COMMITTEE REPORT:**
President Sanchez announced that Treasurer Kathy O’Neil is out ill, and that Seth Schapiro would report on behalf of the BFC. He reported on the following action items approved by the BFC at its July 20th meeting:
- Consultant Contracts: The BFC approved to extend contracts for Mira Weinstein and Margaret Cunningham through September, at no additional costs.
- Sacramento office move: The BFC approved to authorize up to $24,000 for moving costs, IT and Tenant Improvement (TI) needs.
- Stephanie Batey’s retirement gift: The current policy on staff retirement gifts is a maximum of $1,000. The BFC approved to recommend to the board to make an exemption for Stephanie Batey’s gift, to go over the limit by about $400. Seth Schapiro explained that this was a special circumstance, in which Stephanie stepped up to be the Lead Director when the local needed her to; and she has been with the organization for 33 years. He explained that the BFC can only make a recommendation on this issue. The board would need to take a vote, since it is a policy change. It was M/S (Turner/Eric) to approve to go over the set budget, as recommended by the BFC. The motion was carried unanimously.
- Industry Expenditures Policy Clarification: A draft policy for the remainder of 2012 industry funds was handed out. The BFC approved the draft policy to recommend to the board. It was M/S (Johnson/Stern) to approve the policy as presented. The motion was carried unanimously. Nancy Atwell stated that the policy should include a date on the footer of the document of when it was adopted.

Rocky Morrison gave a brief presentation on preliminary numbers of the upcoming quarterly report.

**POLITICAL REPORT:**
Alysabeth Alexander went through an exercise with the Executive Board on Prop 30 and 32. The exercise included how to craft a message, how to effectively reach co-workers and volunteer recruitment.
Chris Daly spoke about upcoming campaigns/races in the November election. The local’s priority campaigns are Yes on Prop 30 and No on Prop 32. He also spoke about the PAC accounts. The Issues account is solid, while the Candidate account is depleting. He is seeking for the board’s approval to amend the PAC contribution schedule. Currently, $33,252 per month goes into the Issues account. The request is to move the current monthly contribution from the Issues account, into the Candidate account instead.

It was M/S (Alexander/Jimenez) to approve the request. There was discussion on the motion. The motion was carried unanimously.

ACKNOWLEDGEMENT:
President Sanchez announced that Stephanie Batey is retiring and acknowledged her 33 years of work in SEIU.

NEW BUSINESS:

Industry Council Development Resolution:
Eric Stern handed out a resolution on Industry Council Development, and asked for the board’s approval to adopt it. The resolution reads: Be it resolved that the Local 1021 Lead Director and Regional Directors and their Field Staff will give reasonable and timely assistance to Industry and sub-industry chairs, along with assigned Industry staff, to develop Local 1021 Industry and sub-industry conferences and events.

It was M/S (Villanueva/Bibb) to adopt the resolution. There was discussion on the motion. It was pointed out that the resolution does not include Area Representatives and accountability for Industry Chairs. It was also said that the reference to “sub-industry chairs” in the resolution can be confusing. A suggestion was made that Eric Stern and the Lead Director, Pete Castelli, meet to discuss this issue further, and to allow for further input. It was M/S (Holmes-Morton/Turner) to table this request. There were 3 No votes and 1 Abstention. The motion was carried. The Executive Board was asked to review the resolution and provide feedback or edits to Eric Stern.

CWA Negotiations Bargaining Team:
President Sanchez announced that the following Executive Board members will be on the bargaining team for the upcoming staff CWA negotiations: Sin Yee Poon, Gary Jimenez, Larry Bradshaw, Kathy O’Neil, Mynette Theard, Jan Schardt and Nancy Atwell. It was M/S (Gray/Turner) to approve. The motion was carried unanimously.

Organizing Committee Chair Vacancy:
President Sanchez stated that the Organizing Committee Chair position was left vacant when Mary Sanders-Tucker was hired on as staff. She asked for the board’s approval to appoint Ramses Teon-Nichols as the new chair. Ramses is member leader in the Non-Profits Industry. He currently works at CHP in San Francisco and is an active steward. It was M/S (Sowers/Stern) to approve Ramses Teon-Nichols as the new Organizing Committee Chair. The motion was carried unanimously. It was said that Ramses will be on full-time release from his employer. Ramses was sworn in by President Sanchez.
Proposal Against Stop & Frisk Practices in San Francisco:
Secretary Holmes-Morton presented a motion for the Executive Board’s consideration on behalf of member John Morrison. The motion reads: Oppose any legislation proposed by the SF Mayor Lee and SF Supervisors related to Stop and Frisk policies and procedures similar to what the New York police have practiced on the diverse New York civilian populace and stand in unity with the Coalition for a Safe San Francisco.

It was suggested to make the following edits: change “Coalition” to “coalitions”; change “Safe” to “safe”; and add at the end of the sentence “and other areas”. It was M/S (Johnson/Alexander) to support the motion against Stop & Frisk Practices in San Francisco with changes. The motion was carried unanimously. It was said that adding “and other areas” at the end of the sentence may lead to confusion, as this currently pertains to an issue in San Francisco. By consensus, the Executive Board agreed to not add “and other areas”.

BUILDING UPDATE:
Seth Schapiro reported on the building updates for Sacramento, San Joaquin and Oakland.

Sacramento Building:
The local is currently in lease negotiations. There are tenant improvements to be done, and the target date to move into the new building is by November.

San Joaquin:
The member leaders have landed on a building in the Waterfront area. The local is currently in lease negotiations. It was reported that the first 3 years of the lease payment will be paid for from the sale of the current Stockton office.

Oakland Building:
Currently, there are 3 office locations in Oakland. Seth Schapiro gave an overview of the will of the board to look into possibly consolidating the 3 offices into 1. Recently the I.Magnin building in downtown Oakland became available for purchase. A summary of the Proposed Building Purchase for the I.Magnin building was distributed and reviewed. The summary includes an occupancy comparison, acquisition summary, SEIU cash requirements, as well as additional costs and anticipated revenue from sale proceeds from the 29th and Oak St offices. It was reported that the local submitted a “letter of intent”, which is non-binding. The board had a lengthy discussion on this issue that included the pros and cons of purchasing the building. It was recommended that the local not invest in purchasing a building at this time, given the current economic difficulties. Instead, the local should look for ways on reducing our current monthly costs in the 3 Oakland offices. President Sanchez asked the Executive Board for a straw poll on whether to direct staff to move forward with trying to attain a better loan to purchase the I.Magnin building; or continue to search for another building with lower costs. Overall, the Executive Board agreed that purchasing the I.Magnin building at the current loan outlined was not realistic at this time.

Be it resolved that the Local 1021 Lead Director and Regional Directors and their Field Staff will give reasonable and timely assistance to Industry chairs, along with assigned Industry staff, to develop Local 1021 Industry goals, standards and programs including best practices, legislative agendas, model contract language and conferences.

The Dilemma: With the reorganization to a regional structure, excepting the schools industry, there are no longer directors over an industry team of field staff. Field staff now report to regional directors. Attaining services for the purpose of populating and strengthening Industry goals,

He will also require all staff to provide copies of their work plans to him, so that he can review them. A “transition form” template is also being developed, which is to be used when there are any staff assignment changes. This is to prevent any issues from being overlooked.

Port of Oakland Report:
Gary Jimenez, Pete Castelli, Anna Bakalis and Steve Gilbert gave an update on the Port of Oakland contract fight. It was stated that members have been working without a contract for the past 17 months. The Union has filed ULP charges, and the members are ready to hold a ULP strike. It was said that although the strike will be held during the Thanksgiving holiday, the local has no intention of disrupting travelers at the airport. A brief video of previous actions, including media/news clips were shown. Members from the Ports bargaining team also spoke. Executive Board members were encouraged to show support for the members and participate in the strike.
Asian Community Mental Health Services (ACMHS):
Tim Gonzales, Ramses Teon-Nichols and Dulce Almendariz spoke about the recent organizing campaign at ACMHS, where the employer voluntarily agreed to recognize the Union to represent the workers. Members Pysay Phinith and Sann Myint from ACMHS were introduced. They spoke briefly about issues at their workplace, and how workers wanted change. A brief video was shown, which outlined a timeline of their campaign efforts.

Member Comments:
BART chapter officers John Arantes, Rhea Davis and Victor were introduced. They spoke briefly about getting accustomed to the functions of E-Board meetings. They also spoke about how their chapter will make an effort to recruit members to participate in the Ports strike.

Review Minutes of October Meeting:
It was M/S (Correa/Stern) to approve the minutes of the October 26, 2012 meeting. The motion was carried.

SF Rebuild Campaign Report/Debrief:
Larry Bradshaw gave a brief background of the SF Rebuild Campaign to help frame the discussion. He stated that although the campaign has concluded and that additional resources are no longer available, there are still rebuild needs. It was said that the issues members in San Francisco faced, are not different than other jurisdictions. The debrief is to help us determine what worked or didn’t work, apply lessons that we’ve learned, as well as determine how we can keep the momentum going throughout the local.

Sascha Eisner with SEIU, who was assigned to help lead the SF Rebuild campaign, was introduced. He spoke about some of the challenges they faced in the beginning process of the campaign, such as getting members to feel confident about their Union. A presentation was shown, which gave a synopsis of planning for the campaign, such as mapping worksites and doing assessments. He also spoke about the importance of being visible and having constant contact with members. Various worksite presentations were held, where the members trained and talked to their co-workers to get involved. Social networking tools, such as developing a text alert system and newsletters were developed to provide members with constant updates on bargaining. Multiple worksite and localwide actions at City Hall were held, such as sticker days or civil disobedience actions, which showed management that the members were unified. The various actions, as well as media coverage, helped put the pressure on management to settle the contract. A Tentative Agreement was ultimately reached, which the members voted to approve by 98%. He also reported on statistics of the campaign efforts, such as 400 leaders were newly engaged or re-activated; approximately 4,000 workers turned out for actions; and about 6,000 workers were engaged
in activities at worksites or on the streets. The tremendous efforts and success of the campaign would not have been possible without the involvement of member leaders.

David Turner and Karen Joubert also spoke about the importance of engaging and preparing members to get involved. Pattie Tamura spoke about other key components, such as research and building relationships with political allies.

Larry Bradshaw spoke about how there is still work to do, and the need to sustain the work that was done. He spoke about how to maintain the momentum of the campaign, such as worksite visibility, holding regular meetings, upkeep worksite mapping, continually develop member leaders, and to constantly communicate with members.

The motion was carried.

Ken Tam reported on behalf of the Election Committee. The committee discussed the use of the local’s Facebook page for the duration of the election. He pointed out that one of the election rules is that the use of union resources is prohibited. The election administrator suggested that only 1021 staff should be permitted to post contents on the Facebook page; or if not possible, temporarily take down the page, in order to take control of preventing postings that are related to the election.

There was a recommendation to temporarily take down the Facebook page for the duration of the election or limit its use. Vin Harrington, attorney, as well Maralin Falik (via teleconference), Election Administrator, joined the meeting to help answer questions around this issue and provided their recommendation. The
The election administrator feels the page should be temporarily shut down, since there is not a way to technically prohibit users from posting on the page or control what contents get posted on the page. Vin Harrington addressed questions that were carried over from the November meeting. He read his recommendation to the board, which reads:

The following suggestions would potentially balance the interest in inappropriate posting on the Facebook page, with the desire of at least some members of the Executive Board to maintain the Facebook during the election season:

1. That the Facebook page include the following statement: “Do not post ‘comments’, ‘likes’ or ‘dislikes’ concerning candidates or candidates’ slates in the ongoing internal Union election on this Facebook page.”

2. Additionally, place the following notation on the Facebook page: “No non-member of the SEIU, or any employer may post anything on this Facebook page concerning the current internal Union election.”

3. That the Union assign a staff person, working with the IT Department (or communications), to review postings on the Facebook page every day, and to take down any postings which violate these restrictions. In any doubtful cases, the question should be referred to the chair of the Elections Committee for review.

It was M/S (Bradshaw/Atwell) to adopt the restrictions, as recommended by Vin Harrington. There was discussion on the motion. An amendment to the motion was requested that no candidate can post on their own Facebook page about the election. The makers of the motion did not accept. It was said that the local cannot commit to administering other sites that the local does not own. There was further discussion on the motion. The question was called. The board voted by show of hands: Yes = 14; Oppose = 10; Abstentions = 1. The motion was carried.
