HELP US STOP MANAGEMENT'S GAMES!

AHS is telling three different stories in three different places. They say one thing in our ad hoc committee, another thing at the bargaining table, and a third thing to the Trustees.

ENOUGH IS ENOUGH. Come to the Board of Trustees meeting to tell management to STOP THE GAMES. If we need to make cuts, CHOP FROM THE TOP!

**Board of Trustees Meeting
Wednesday, June 3, 4 p.m.
Highland Hospital Cafeteria**

Management tried to lay hundreds of people off to save 34 million dollars. We fought them then, and now, they're trying to take 106 million out of our members, with furlough days, increased healthcare costs, and asking you to give up your COLA, but they can't even tell us why they want so much more!

They're also trying to go back on a contract that they themselves signed!

We have tried time and again to work with them to find fixes, but they have been uninterested, unwilling, and unprepared to work with us. Come to Highland to tell the Trustees: This. Has. To. STOP!
