

SEIU 1021 AHS Chapter Contract Negotiations News

September 18, 2020

We have been bargaining for 9 months, and AHS management has refused to bargain in good faith. They have proposed hundreds of pages of takeaways that include a three-year wage freeze and big cuts to benefits and patient care. AHS has rejected most of our proposals for a fair contract and a fair workplace. Their proposed contract would turn back the clock on decades of work by our union.

Your elected bargaining team is asking all SEIU 1021 AHS members to give them the authority to call a strike. All of us need to vote to strike to show AHS we back our bargaining team, we will not tolerate these unfair labor practices on their part, and will not allow cuts to patient care and our contract.

Frequently asked questions about unfair labor practice strikes:
