Permanent Part-Time and Permanent Seasonal Employees shall have their probationary period, evaluation periods, step increase periods, and eligibility for career ladder promotional opportunities measured in hours of compensated time, with 1,040 hours being considered equivalent to six (6) months and 2,080 hours being considered equivalent to a twelve (12) month period.

3.3 LAY-OFF PROCEDURE FOR PERMANENT PART-TIME OR PERMANENT SEASONAL EMPLOYEES ONLY

A. Generally. Elimination of a Permanent Part-Time or Permanent Seasonal position shall be considered a lay-off under City's PERR, provided, however, that any lay-off displacement rights shall be limited to other Union represented Employees, as noted below. The end of the season for a Permanent Seasonal Employee shall not be considered a lay-off. Lay-off displacement rights under City's PERR for Permanent Part-Time and Permanent Seasonal positions shall be limited to other Union represented Employees. Seniority for Permanent Part-Time and Permanent Seasonal Employees shall be measured in terms of hours of compensated time in such permanent positions, with 2080 hours being considered equivalent to one year of service.

3.4 RETURNING TO PERMANENT SEASONAL POSITIONS

Non-probationary Permanent Seasonal Employees shall have the right of first refusal of seasonal employment in their regular job classification in the subsequent season. Should they refuse to return to their previously assigned position, they would be considered to have resigned from their Permanent Seasonal position and would have no right to return to further employment with City.

ARTICLE FOUR: SPECIAL PROVISIONS - CITY

4.1 WORKER'S COMPENSATION – CALIFORNIA LABOR CODE SECTION 4850 EQUIVALENT

It is recognized that, as a long-standing prior practice and not as a requirement of State law, City has provided to Miscellaneous Employees the same workers' compensation benefits as provided to Safety

Employees under California Labor Code Section 4850. City agrees to continue providing such benefits during the term of this MOU provided that such Labor Code Section remains applicable to City's safety Employees. In the event that such Section is repealed or otherwise is made inapplicable to City's safety Employees, City's provision of such benefits to Employees shall cease and in lieu thereof only those workers' compensation benefits required by State law shall be provided.

4.2 MEDICAL SUITABILITY FOR EMPLOYMENT

A. City's Right to Require. City retains the right to require any Employee to undergo a physical examination, of any kind or extent, including psychiatric or psychological evaluation as appropriate, at the option of City, to ensure Employee's medical suitability to perform the duties of the position to which Employee is assigned. Said physical examination shall be paid for by City and performed by a physician chosen by City. City agrees that should Employee, after such physical examination, be found to be not medically suited to perform the duties of the assigned position, Employee shall have a reasonable amount of time to become medically suitable. If, after such reasonable time, Employee remains medically unsuited for the assigned position, City retains the right to take appropriate action, including, but not limited to, transfer to another position for which Employee is medically suited, if such a position is available, or termination.

B. Second Opinion. City further agrees that an Employee who is found to be not medically suited to perform the duties of the assigned position may obtain a second physical examination and opinion from a physician of Employee's choice and at Employee's expense provided, however, that the physician performing the second examination is acceptable to City.

C. Third Opinion. In the event that there is a difference of opinion between City's physician and Employee's physician regarding Employee's medical suitability to perform the duties of the assigned position, City agrees that a third physician, jointly selected by City's and Employee's physicians, shall examine Employee and make a final determination regarding Employee's medical suitability. The cost of the third examination shall be paid for by City.

4.3 LIMITATION ON CITY USE OF HOURLY EXEMPT EMPLOYEES

City shall limit the term of hourly exempt Employees in job titles, set forth in Exhibit "A," to a maximum of 2,000 hours. Employees who have retired from City service or from any other member

entity of the California Public Employees Retirement System, including the State of California, are exempt from the maximum of 2,000 hours of service, and may be employed as hourly exempt Employees for up to 960 hours per fiscal year. Nothing in this Subarticle shall be interpreted as limiting City's authority to set terms and conditions of employment of hourly exempt Employees in job titles included in Exhibit "A," so long as such service is less than 2,000 hours.

4.4 PROMOTION - FIELD SUPERVISOR POSITION

City agrees that vacancies in the position of Field Supervisor shall be filled through the career ladder process if there are a minimum of three (3) qualified candidates provided, however, that the definition of "qualified" will include demonstrated willingness to learn supervisory skills and ability to perform in a supervisory position, as determined by City's Human Resources and Risk Management Office and not subject to grievance.

4.5 EQUIPMENT MECHANIC ALLOCATIONS

Effective upon Council adoption of this MOU, City agrees to allocate all Equipment Mechanic positions at the Equipment Mechanic II level. Allocation of these positions at Equipment Mechanic II level will allow City to hire at the Equipment Mechanic I level, and advance Employees to the Equipment Mechanic II level at the point in time when Employee is working at the higher Equipment Mechanic II level. Nothing in this Subarticle shall prevent City from hiring new employees at the Equipment Mechanic II level. City and Union will develop and agree to modified job descriptions which clearly define the differences between the Equipment Mechanic I and Equipment Mechanic II job descriptions, on which advancement shall be based.

4.6 MAINTENANCE WORKER CROSS-TRAINING PROGRAM

City agrees to develop and implement a voluntary cross-training program for Maintenance Workers which will allow Maintenance Workers assigned to the General Services Department to obtain experience in operational areas in which they do not regularly work. This is not a cross-department training program. Access to and availability of the program shall be limited by City operational needs. Quarterly, in each calendar year, the Public Works Department – Operations and Maintenance, shall partially "close down" and provide a day of training on Type A Equipment to all interested parties. This training shall include an instructional component as well as the opportunity to have "hands on" practical

experience on each piece of equipment. The purpose of the training day(s) is to ensure that all employees interested in being able to pass the Type A equipment test are provided at least four (4) opportunities per year to gain education and experience on the required equipment.
Additionally, as previously committed, the City will annually provide a Type A Equipment test for all interested parties in the Fall of each calendar year. Sign-up sheets for the test will be available on department bulletin boards seven (7) days prior to the testing opportunity. Those employees who successfully complete the Type A Equipment test, shall be eligible for a promotion to positions requiring Type A certification for a period of five (5) years. Said eligibility list shall be maintained in the Human Resources and Risk Management office.

4.7 FILLING OF VACANCIES

A. A *vacancy* officially becomes a "Notice of Vacancy" once the City has confirmed that adequate budget exists to fill the role;

B. For the purpose of this article, "lateral positions" for Senior Maintenance Worker include:

1. Senior Maintenance Worker, Right of Way Technician, and Parking Meter Repair/Collections

C. For the purposes of filling future vacancies, Union and City agree that once a Vacancy is established, the City shall fill said vacancy in the following order:

1. Internal Lateral Transfer

i. Notice of a Lateral Transfer Opportunity shall be announced ("Announced" includes an email notice to all employees, including a verbal notice to all employees on a leave of absence, as well as a physical Lateral Transfer opportunity posting on the Public Works bulletin boards to "classification applicable" staff and notice to SEIU union rep.)

ii. Employees will have five (5) working days, from the date of posting, to submit a letter of intent for the lateral transfer opportunity.

B. Qualification. To qualify for out-of-class pay, Employee must be assigned by Employee's Department Head, or by such person designated by Department Head, to the higher job classification. In departments or workplaces where more than one employee is eligible for assignment to a management job classification, the department or division head shall establish a rotation system to ensure that all eligible, non-probationary employees have an opportunity for such assignment.

Such voluntary performance on the part of Employees shall not be eligible for compensation as out-of-class pay. City

agrees to evaluate and record the performance of Employees performing such voluntary out-of-class work on a form prepared and maintained by City's Human Resources and Risk Management Office.

Department Heads shall develop a method for rotation of bilingual assignments to allow qualified Employees access to the bilingual pay differential. Such rotation shall be based on the needs of the department, with due regard for the wishes of Employees.

1. Evaluation of Employees' Skills. Employees who wish to be considered for such assignment shall request a determination from Department Head that their bilingual skills are at a level necessary for the assignment. Such eligibility shall be documented through a transaction and established prior to assignment. Following establishment of eligibility based on skill level, such Employee may be assigned to use bilingual skills on an as-needed basis as determined by the supervisor, and such hours shall be reported as bilingual pay hours on the timecard and paid at the premium rate established in this subsection. The premium rate for intermittent use shall be ten percent (10%) above their Basic Pay rate for those hours during which they are required to use their bilingual skills.

City Manager may designate additional positions within various departments as benefitting from full-time bilingual skill usage, and in those cases qualified Employees shall be eligible to receive additional pay for all hours worked in the amount of an additional three percent (3%) of their hourly Basic Pay rate. Such Employees eligible for full-time bilingual pay shall not also be eligible to receive the part-time bilingual pay differential identified in the preceding subsection.

City Manager shall review and consider the request of Employee to job share and make a determination as to whether such job share is in the best interests of City, and notify the requesting Employee and Department Head of that decision. Employee shall have no right to grieve the determination of City Manager. A request to job share shall not be approved if it results in any measurable increase in cost to City for the position.

2. Job Share Agreement. A job share agreement will be developed between City, Union, and the two Employees who will be participating in the job share. That agreement shall provide for a specific sharing of work schedule, and benefits. The following general rules shall apply to such job share agreements:

a. Set period of time. Each agreement will provide for a set period during which the agreement shall be valid, and shall also provide for the time frames and conditions under which the agreement may be terminated. Such agreement may be modified or extended at Employees' request, with the approval of City Manager.

b. Pro-ration of benefits and seniority. Each agreement will establish the basis for pro-ration of all benefits and seniority provided under this MOU. The probationary period and accumulation of vacation eligibility and seniority shall be generally pro-rated based on number of hours worked. Benefits to be pro-rated include, but are not limited to, sick, vacation, bereavement, and holiday leaves; medical, dental, vision, life and long-term disability insurance; Counseling, Educational Reimbursement, Jury Duty Pay, and Childbirth/Adoption Leave; Sick Leave Conversion at retirement, tool allowance, driver licenses reimbursement; and all other benefits.

c. Schedule. Each agreement will identify a work schedule and identify the commitment of each participating Employee to work when the other Employee is absent.

d. Retention of Property Right to the Position. The agreement will identify which Employee(s) shall retain property rights to the position that is shared. Should the job share participants elect to share the property rights to the position, neither will have the right to continue in the

position should the job share agreement be terminated. An Employee who leaves a permanent position to share another position shall have no right to return to the original position should the job share be terminated, but may be placed in another vacant permanent position for which the Employee is qualified if one is available.

e. Identity of Job Share Employees. The agreement will identify the employment status of Employees' participating in the job share. Permanent non-probationary Employees are eligible to participate. City will also consider proposals for job share of a permanent position between a permanent and an hourly-exempt employee so long as the conditions of the agreement are consistent with use of City's rules regarding hourly- exempt employees.

f. Exceptions. City Manager shall have the authority to make exceptions to the provisions specified in this Paragraph when so requested by the affected Employees and Union when it is in City's best interests to do so.

3. Lay-off Procedures. Employees who are participating in a job share shall have their total seniority adjusted as provided for in Paragraph 7.2.F.2.b. Additionally, the job share agreement may specifically limit the Employees' rights within the lay-off and personnel reduction procedures provided for in City's PERR Section 2R.72.140.E. and F.

7.3 SAFETY

A. Safety Rules. Union agrees that Employees shall abide by adopted rules and regulations regarding the usage of safety equipment and the utilization of safe working operations and procedures. Any such Employee in violation of such safety rules and regulations shall be disciplined in accordance with the appropriate provisions of City's PERR.

B. Work Stations, Equipment, and Tools. City recognizes its responsibility to and will provide safe work stations, equipment, and tools.

C. Video Display Terminal Equipment. In order to provide a safe and healthy workplace for its Employees, City agrees to purchase video display terminal equipment that is safe and efficient to use and prevents health hazards such as eye strain and eye fatigue. City will provide instruction in the proper operation and adjustments of video display terminals and video display terminal workstation equipment. It is agreed between the parties to this MOU that issues of safety relating to video display

terminals and workstation equipment shall be referred to City-wide Safety Committee for review and recommendation.

D. Safety Committees.

1. City-Wide Safety Committee. City and Union recognize the previous establishment of a City-wide safety and loss control program for the benefit of Employees and City and to comply with the requirements of State law and the California Joint Powers Risk Management Authority, of which City is a member. Such program includes a consolidated safety and loss control committee consisting of members of each departmental safety committee and headed by City Human Resources and Risk Management Office. Such committee will discuss safety and health conditions and loss prevention measures applying to City organization as a whole, and those safety and health concerns which cannot be resolved by departmental safety committees.

2. Departmental Safety Committees. City and Union recognize the previous establishment of departmental safety committees comprised of Employees. Said committees shall meet on a regularly scheduled basis, no less often than quarterly, and shall maintain minutes of such meetings. Such committees shall discuss safety and health conditions and shall provide written suggestions to City regarding methods of safe operations and procedures and the identification of hazardous procedures and equipment.

ARTICLE EIGHT: MEDIATION AND BINDING ARBITRATION

8.1 AGREEMENT TO MEDIATION AND BINDING ARBITRATION

City agrees to a process of third-party mediation and binding arbitration, as set forth herein, which only shall be used for grievances arising out of the interpretation of the provisions of this MOU.

8.2 PROGRESSION OF MEDIATION TO BINDING ARBITRATION

If requested by grievant, the Mediation and Binding Arbitration request replaces the hearing request as set forth in PERR 2R.72.240.A.5.b(5), provided, however, that the fifteen (15) working daytime limit set forth in such PERR shall be applicable to such Mediation and Binding Arbitration request.

8.3 MEDIATION

A. Union Request. Within ten (10) working days after receipt of a request for mediation of the grievance, City shall contact the State Mediation and Conciliation Service and request the appointment of a mediator to mediate the grievance.

B. Initial Mediation Meeting. The mediator shall schedule an initial mediation meeting, at a time which is mutually agreeable to all parties, to begin the mediation process. At the initial mediation meeting, the parties shall provide the mediator with written statements outlining their respective positions on the grievance issues.

C. Confidentiality. The mediator shall conduct all meetings and discussions in private and shall make no public statements regarding any aspect of the mediation. Neither party to the mediation shall make any public statement regarding any aspect of the mediation.

D. Advancement to Arbitration. Implementation of the arbitration process shall not occur until the mediator has released the parties from the mediation process.

8.4 BINDING ARBITRATION

A. Union Request. If the grievance is not resolved through the mediation process, the grievance may proceed to arbitration upon request of Union made within twenty (20) working days of the conclusion of the mediation process.

B. Selection of Arbitrator. The parties to the grievance shall mutually agree on the selection of an arbitrator. If the parties are unable to agree on such selection, the State Mediation and Conciliation Service shall be requested to provide a list of five (5) arbitrators for consideration by the parties. Selection of the arbitrator from such list shall be made by either mutual agreement or, failing such agreement, by each party eliminating the names of unacceptable arbitrators, with Union first eliminating a name, then City eliminating a name, and so on until the name of one arbitrator remains, which such arbitrator shall be deemed selected to arbitrate the issues.

C. Mediation Transcripts, Records, and Documents. During the arbitration process, neither party shall have the right to, nor shall they, cite any information developed in the mediation process in the arbitration process or hearing.

D. Arbitrator's Authority. The arbitrator's authority shall be limited to making determinations regarding the violation, misapplication or misinterpretation of the provisions of this MOU. The arbitrator shall not have the authority to add to or delete from such provisions nor make decisions which involve or direct changes or modifications to the scheduled pay or benefit provisions contained herein. In the event that there exists between the parties hereto a dispute as to whether a matter is subject to the arbitration process set forth herein, the arbitrator shall consider and determine whether the matter is subject to arbitration prior to hearing and considering the merits of the grievance issue.

E. Costs and Expenses. The cost of the arbitrator's compensation and expenses shall be shared equally between the parties. Each party shall be responsible for its own costs in securing witnesses for legal or other representation and for presentation of material.
