

# STAND UP FOR WORKERS' RIGHTS FOR ALL

## **THURSDAY, April 4**

### **Meet at SF City Hall, Rm. 263 starting at 10:00 AM**

On April 4, we'll flood City Hall as members of the Board of Supervisors hold a hearing on the abuse of temporary workers. The City increasingly is relying on temporary workers who can be fired at any time, without recourse to fight back and stay on the job. In some instances, we have entire departments that rely on non-permanent, civil service positions. Enough is enough. A City that prides itself as a city of fairness, can and must do better. Wear your union colors and speak out about workers' rights for all.
